Higher Skills Academy Training

Pono Shim from Oahu Economic Development Board has partnered with Microsoft in Hawaii to offer Higher Skills Academy Training for individuals who have lost their jobs or funding for college as a result of the pandemic and for those who have completed their college degrees this past year and have not yet found employment.

Since 2014 Pono has led over 30 cohorts and trained over 500 individuals. She has learned the practice of the Aloha Response based upon Auntie Pilahi Paki's sharings. Her training along with Microsoft's mission to help retool, up-skill, and train 25 million displaced workers will help you to find a bright pathway to your future.

There are no fees to pay and this training will be done virtually until it is safe to gather again.
